SUMMARY

As a Skilled iOS Developer with 3+ years of hands-on experience in designing, developing, and deploying iOS applications. Proficient in Swift and SwiftUI, with a strong understanding of the iOS SDK, UIKit, and CoreData. Experienced in building user-friendly, scalable, and high-performance apps for diverse industry needs, focusing on seamless user experiences and responsive interfaces. Known for problem-solving skills and a strong attention to detail, ensuring high code quality and adherence to best practices

EXPERIENCE

Jr.iOS Developer

Webskitters Technology Solutions Pvt. Ltd.

01/2022 - 08/2023 Kolkata, West Bengal 700091

- Architected** and developed multiple high-performance iOS applications from inception to deployment, utilizing Swift and adhering to the MVC/MVVM design patterns to ensure scalability and code maintainability.
- Enhanced user experience** through collaboration with UI/UX designers to create intuitive, visually appealing interfaces, resulting in a 20% increase in user engagement across several projects.
- Implemented robust data handling** using CoreData and optimized local storage solutions, reducing app load times and ensuring data consistency across sessions.
- Integrated RESTful APIs** and WebSocket connections for real-time data synchronization, enhancing app functionality and providing users with up-to-date content.

iOS Developer

Magicmind Technologies Limited

09/2023 - 11/2023 Kolkata, West Bengal 700091

- Developed and maintained iOS applications** focused on responsive design and high performance, delivering consistent, user-friendly experiences across multiple devices.
- Enhanced app features** by implementing RESTful API integrations and push notifications, improving user engagement and retention.

iOS Developer

WebGuru Infosystems

01/2024 - Present Kolkata, West Bengal 700091

- Developed feature-rich iOS applications** using Swift, Objective-C, and SwiftUI, focusing on creating modern, responsive, and visually appealing interfaces that enhanced user engagement and satisfaction.
- Leveraged SwiftUI** to build dynamic and adaptive UIs, reducing development time and improving performance while maintaining a consistent look across iOS devices.
- Implemented data-driven functionalities** with RESTful API integrations, enabling real-time data access and smooth user interactions.
- Optimized code performance and memory usage**, leading to reductions in load times and crashes, which improved app stability and reliability.
- Collaborated closely with design and QA teams** to ensure adherence to UI/UX best practices and high standards of quality.

EDUCATION

Bachelor of Computer Science and Engineering

Dr. Sudhir Chandra Sur Institute of Technology & Sports (Percentage-87%)

08/2018 - 08/2022 Kolkata, West Bengal, 700074

Higher Secondary Education

Joypur High School(H.S) Percentage-75%

01/2016 - 08/2018 Joypur, Bankura, West Bengal, 722138

Secondary Education

Joypur High School(H.S) Percentage-84%

2016 Joypur, Bankura, 722138

PROJECTS

BidJobbers , BidJobbers Pro:

Service Booking Application using swift and UIKit and CoreData, Firebase, and MapKit, Notification, Stripe Payment.

Ecommerce app:

This app enabled users to browse, search, and purchase products with features like product filtering, wishlist, and real-time inventory updates.

Student App:

Developed a feature-rich student app to streamline academic management, allowing students to easily access their academic information, payment options, and course details in one centralized platform.

Food delivery app:

Developed a full-featured food delivery app allowing users to browse restaurants, view menus, place orders, and track deliveries in real-time.

SKILLS

Swift	SwiftUI	UIKit	CoreData
CoreLocation	AVFoundation	MapKit	
RESTful APIs	URLSession	JSON Parsing	
CoreData	Alamofire	SDWebImage	
Firebase	Combine	Memory Management	
Push Notifications	Payment gateway	Git	
GitHub	Xcode	App Store Connect	

LANGUAGE

English-Proficient

Bengali-Native

Hindi-Speak

CERTIFICATION

Webskitters Academy

Completed a comprehensive 6-month training focused on iOS application development, covering the fundamentals and advanced concepts of building and deploying iOS applications.

ACHIEVEMENT

Successfully developed and published More than 6 apps on the Apple App Store, demonstrating expertise in end-to-end iOS development, deployment, and App Store submission processes.
